

No Starter 10/13/08

Rest For A Weary Soul Daily Devotional - Monday, October 13, 2008

Praise the Lord and Good Evening,

We have a fluorescent light hanging in the laundry room. Last week the light blew out. My husband changed the bulb but the light didn't come on. He then took the starter out of the unit. For some strange reason, that we've evaluated but still don't have an answer for, my husband turned the light switch on knowing the starter was out. If there isn't a starter, there's no way the light will come on. He knew that. But he turned the light switch on and wouldn't you know it, the light came on!

He turned the light on and off a few times and every time it came on. He said the first time it came on he thought maybe there was a power surge. But it couldn't be a surge after being turned on and off several times. The light has been working for a week now. I've gone downstairs and done laundry with that light on. It's not a new fixture and has hung over the laundry tubs as long as I can remember (I was raised in the house and we've always had to replace starters). The light shouldn't be working without the starter but it is.....

I will remember the works of the Lord: surely I will remember thy wonders of old.
(Psalm 77:11 KJV)

Matt 11:28-29 Come unto me, all ye that labour and are heavy laden, and I will give you rest.
29 Take my yoke upon you, and learn of me; for I am meek and lowly in heart: and ye shall find rest unto your souls.
